REGISTRATION PROMOTION

Recent enhancements to myVRS have made it an even more valuable tool for members, and the secure online system is becoming essential to member account management. myVRS offers:

- Retirement eligibility dates
- Member account balance summary
- Employment history with VRS-participating employers
- New goal-based myVRS Retirement Planner with additional tools, including articles, video, calculators and a budgeting worksheet
- myVRS Benefit Estimator, an easy-to-use tool for comparing different retirement dates and the resulting monthly benefit
- myVRS Financial Wellness (see related promotional materials in this kit)
- Online purchase of prior service
- Online refunds, should the member choose this option when leaving employment
- Counseling tips at key decision points in retirement planning

When members register for myVRS and login regularly, they can take advantage of the growing library of retirement planning resources and be the first to use future enhancements, including online retirement.

myVRS registration is also a security best practice that will help prevent someone else from attempting to fraudulently claim a member's account. VRS takes many measures every day to keep members' information secure, and members can help by registering for myVRS, completing the identity-verification steps and then establishing a password-protected account.

To help you promote myVRS registration, we have developed several resources you can share with employees online or in the workplace:

- [Email Message: Discover New Resources in myVRS](#)
- [Flyer: Discover myVRS](#)
- [Flyer: Your Guide to Navigating Retirement](#)
- [Intranet Messaging](#)
- [Newsletter Article: Have You Registered for myVRS?](#)
- [Short Posts](#)
- myVRS Registration Reminder Cards, [available for order](#)

Discover the Resources in myVRS: Helping You Plan for Tomorrow, Today

Dear Employee,

As a VRS member, you have access to the secure online myVRS system designed to help you monitor your retirement savings, learn about your VRS benefits and plan for the future. Your personal myVRS account offers a growing library of resources:

- Use the goal-based myVRS Retirement Planner to project your income and expenses in retirement and gauge your retirement readiness. The planner also offers articles, a video, calculators and a budgeting worksheet.
- Generate estimates of your VRS benefit in retirement using the myVRS Benefit Estimator. Can you afford to retire at age 60? What happens if you work longer? You'll want to experiment with different scenarios.
- Watch a short video about student loan repayment or play a game of financial football in myVRS Financial Wellness, where you can boost your financial health.
- Check to see if you have prior service eligible for purchase and discover how purchasing service can add to your retirement benefit.
- Read the online counseling tips to learn more about your VRS benefits.

If you haven't activated your myVRS account or haven't checked it in a while, take time to register or log in today:

<https://myVRS.varetire.org>

As a reminder, myVRS is available 7 a.m.-11:30 p.m. Monday-Saturday and 8:30 a.m.-11:30 p.m. on Sunday.

VRS takes many measures every day to keep your information secure, and you can help by registering for myVRS, completing the identity-verification steps and then establishing a password-protected account. It's a security best practice that will help prevent someone else from fraudulently claiming your account.

Take advantage of all that myVRS has to offer—it's never too early to start preparing for retirement.

Helping You Plan for Tomorrow, Today

As a VRS member, you have access to a secure online system to monitor your retirement savings, learn about your VRS benefits and plan for the future.

Your personal myVRS account offers:

PROMOTION

WHAT IS myVRS FINANCIAL WELLNESS?

The Virginia Retirement System offers an innovative myVRS Financial Wellness program for VRS members. This benefit is aimed at helping members make informed and educated decisions on everyday financial matters while saving for the future. Employees can access content through their myVRS account.

Why should I promote it? Employees stand to benefit by improving their money-management skills and their knowledge of financial concepts as they plan for retirement. Studies correlate financial stress with decreased employee productivity and increased health issues. Financial wellness programs help employees focus on budgeting and saving, and also help employers by improving employee engagement and productivity at work.

In addition, emphasizing financial wellness is an opportunity to connect with your employees and demonstrate the caring culture of your organization. You can market this program as a benefit to prospective new hires.

What resources are available in the program? myVRS Financial Wellness helps users grow their knowledge and confidence in financial decision-making through a variety of resources, including articles, videos, educational games, calculators and budgeting tools. Through their secure myVRS accounts, VRS members can tap into personalized features and tools, including:

- Mini-courses designed to assess and improve their financial literacy.
- Pre- and post-assessments show the member's knowledge gain.
- Customized action plans to help them pursue financial goals.
- An extensive multimedia library to increase their financial savvy.
- Opportunities to earn points by completing course modules and other financial wellness activities.

How do I promote it to employees? VRS is committed to assisting you with educating members on the myVRS Financial Wellness program. You may share these resources with employees by email, online or as posters in the workplace.
