	Employees will receive a welcome letter from VRS that contains Plan 1 information. Refer employees to the VRS Plan 1 Handbook for Members for introductory plan information.
	Plan 2:
	Employees are covered under Plan 2 if they have a membership date from July 1, 2010 to Dec. 31, 2013 and have not taken a refund. Employees are covered under Plan 2 if they have a membership date prior to July 1, 2010 but were not vested before Jan. 1, 2013.
	Employees who are covered under VaLORS or SPORS, or VRS with enhanced hazardous duty benefits or the hazardous duty alternate option who have a membership date on or after July 1, 2010, are in Plan 2, even if their membership date is after December 31, 2013.
	Employees will receive a welcome letter from VRS that contains Plan 2 information. Refer employees to the VRS Plan 2 Handbook for Members for introductory plan information.
✓ Saving for Retirement	
	Under Plan 1 and Plan 2, employees contribute 5% of their creditable compensation each month to their Member Contribution Account. Employers make a separate contribution based on the payroll of all covered employees. The VRS actuary determines the rate the employer pays.
	The Member Contribution Account accrues interest at a rate of 4% per year. Interest is compounded annually on contributions and interest more than 12 months old as of June 30 of each year.
	For Plan 1 and Plan 2, vesting occurs when an employee has at least five years of service. If vested, an employee is eligible to receive a monthly retirement benefit once age and service requirements are met.
	COV 457 Plan and Virginia Cash Match Plan <i>Share the following information with employees only if the employer offers the Commonwealth of Virginia 457 Deferred Compensation Plan and the Virginia Cash Match Plan:</i> Employees are eligible to participate in the Commonwealth of Virginia 457 Deferred Compensation Plan. The plan allows additional savings for retirement on a tax-deferred basis through payroll deductions. Contributions and earnings are tax-deferred. If eligible for the Virginia Cash Match Plan, the employee receives matching funds from the employer, equal to 50% of the contribution, not to exceed \$20 per pay period.
✓ Purchasing Prior Service	
	Prior service is a period of eligible service that is not credited to an employee's VRS account. An employee may purchase a variety of service types, including previous public employment, active duty military service, an eligible period of leave or VRS refunded service. For more information on eligible types of service, see the Purchase of Prior Service Credit chapter of the Employer Manual.
	Prior service credit counts toward the five years needed to become vested, as well as eligibility for retirement and the health insurance credit.
	Employees have a two-year window from the date of the employee's hire to purchase service at approximate normal cost before the cost changes to an actuarial equivalent cost. Advise employees to strongly consider purchasing any eligible service during this period of time as costs will rise considerably after the two-year window closes. Refunded service is not subject to the two-year window.

✓ Disability Benefits
<p>VRS Plan 1 and VRS Plan 2 school division employees and political subdivision employees may be eligible for disability retirement through VRS. Most state employees, including members of the State Police Officers' Retirement System (SPORS) and the Virginia Law Officers' Retirement System (VaLORS), are covered under the Virginia Sickness and Disability Program (VSDP).</p> <p>For more information on disability benefits, see the Disability Retirement Checklist for Employers and the Disability Retirement Checklist for Members. The employee forwards the VRS-39 to the employer, who completes Section 6.</p> <p>An employee may apply for Optional Group Life Insurance at any time. However, if the employee is enrolling within 31 days of employment, coverage is guaranteed and evidence of insurability is not required.</p> <p>An employee who participates in the optional plan may add dependents within 31 days of a qualifying event, such as marriage, birth or adoption of a child, or retirement of a spouse when both the employee and spouse are covered under Optional Group Life Insurance.</p>
